

## NO MORE

No more tears  
And no good-byes  
No more foolish alibis  
No more words  
Are left to say  
No more nights for me to stay

No more fears  
And no more lies  
No more plans to be devised  
No more trump  
Is left to play  
No more shadows cross my way

Time has come to face the truth  
What remains ain't water-proof  
Love betrayed us to a lie  
Fooled our dreams and passed by
