

KEEP COOL

Keep cool, everything's alright
No need for a moan
Keep cool, everything's alright
Dare to wear the crown

Keep cool, everything's alright
No need to complain
Keep cool, everything's alright
Dare to use your brain

You can be the king on any throne
No ruler's roulette
Check out who you wanna be
And who you are yet

Keep cool, everything's alright
Hold on to your dream
Keep cool, everything's alright
Dare to be the queen
