

YOU LAUGH THE RAIN AWAY

You laugh the rain away
Add sparkle to my day
You laugh the rain away
And remove stains of grey

You laugh the rain away
Bring lightness to my day
You laugh the rain away
Darling, I want you to stay

Warm are your hands
Few my demands
Shiny and new
Far off from blue

Sun in your eyes
No more disguise too keep

You laugh the rain away
Invite my heart to stay
You laugh the rain away
Thank you for crossing my way
